

## Abstract

note is one important thing in human history, with records of all recorded in the form of a paper that will someday be viewed by children and grandchildren. A positive value and negative that tell a story with a narrative that is a product Acul media and legitimate part of the life conditions of messy socialization among young people, self-critical, full of marijuana smoke in a blanket and relaxed which is always negative, although still considered a positive side as among family, friends and the general public. In this comic tells a winding journey Acul for a reason, a very complicated is losing someone he loves is his father. Acul is the name stands for a gift from a friend "nerd" since elementary school. He has a uniqueness that has properties that according to his friends strange and unnatural, but that he also has a unique interest in the drawing and visualized berutal and he never concentration resulting from the use of marijuana after the departure of his father, but he is still and will run according to parent command, such as doing house work, keep helping others and nephews and love the things that are not generally as Tall bike.
