

## ABSTRAK

Nuance prewedding existing photo on right now, especially in terms of site selection is usually made in the outdoor and indoor attractions are taking a panorama in a place, such as beaches, mountains, old buildings, offices, etc.. Often prewedding photo in a place like this is packaged in a space that shows something very unusual and interesting things.

Color - the color displayed is still formal because of common color or colors so often used, such as color - the color of sepia, red, blue and black and white is usually to describe the images - photos at age 80 or better known as old school photo. For wardrobe election has been very brave and focused on a seriousness to make the photo more beautiful prewedding featuring neat clothing but still not supported by a uniqueness on the prewedding photo.

He use of photographic media to get a picture that can always be preserved at all times, photos with the theme popart prewedding this could be a symbol of strength in a photograph, this can be seen clearly because of the development of this popart art that any time is always evolving since ancient times up to currently still have a popart art of the existence of a high, with a variety of colors and styles popart.

The theme of this popart no pornography and porno-action elements. this is because the picture popart prewedding the theme is a lot of value - the value of art can make a photo more beautiful and attractive, especially coupled with the ornaments - ornaments that decorate the photo will change the view of the public who consider that this is haram prewedding photo to be done.
