

ABSTRACT

PERANCANGAN BUKU BIOGRAFI SANTO YOHANES BOSCO

BY : PRANCIS MAILISTAMA

The purpose of the authors designed this book biographies of John Bosco in general is to assist institutions in terms of preaching and the church should realize it is very rarely the church and the clergy will provide an introduction to this figure of John Bosco. And for the people aims to help the people had no trouble getting the story of John Bosco this figure.

The purpose of this biography book design is specifically for the Catholic Church invites young people to recognize and take example from the story of John Bosco. Because he is close to young children and her story can inspire young people to perform actions in accordance with the values of faith. While the goal for the writer himself is to contribute to the spreading and deepening the faith of the church youth through exemplary stories in the book, the authors can also learn how to preaching through the book with a segment of young people, how the visual preferred, and how to make a book into interesting to read them, so that later on through the book of this biography young people can identify and emulate their patron figure of John Bosco.
