ABSTRACT

In this research discuss Information system Accountancy sale at KSO Paramount Serpong. Intention of research this is the to know information system of sale accountancy at KSO. Paramount Serpong has been in accordance with theory that go into effect. Method as used in research this is the descriptive method.

The result of research this is the information system of sale accountancy at KSO. Paramount Serpong has been in accordance with theory that go into effect nevertheless there is weakness was in acceptance of booking fee money or booking fee because when consumer conducts booking fee only accepts booking fee ought to marketing are given manual SPS by department marketing that has been given serial number.

For that suggested if consumer conducts payment of booking fee money, consumer ought to directly conducts signing SPS. When consumer conducts signatory PPJB ought to legal department mentions costs AJB and directly payee to cashier to avoid postponement in conducting AJB.
