ABSTRAK

Penelitian ini bertujuan untuk menganalisa pengaruh *Earning Per Share*, *Return On Asset* dan *Debt To Equity Ratio* terhadap harga saham (studi empiris pada LQ-45 yang tercatat di BEI). Data yang diperoleh sebanyak 14 perusahaan dengan kurun waktu 2009-2011 dan dihubungkan dengan 4 variabel, yaitu : 3 variabel independen : *Earning Per Share*, *Return On Asset* dan *Debt To Equity Ratio* dan 1 variabel dependen : harga saham. Metode analisis data yang digunakan adalah uji normalitas, uji multikolonieritas, uji heteroskedastisitas, uji autokolerasi, uji determinasi, uji T dan uji F.

Hasil penelitian menunjukkan bahwa, untuk hasil uji F, *Earning Per Share*, *Return On Asset* dan *Debt To Equity Ratio* secara simultan berpengaruh signifikan terhadap harga saham. Untuk hasil uji T, *Earning Per Share* (EPS) berpengaruh signifikan terhadap harga saham, sedangkan variabel *Return On Asset* (ROA) dan *Debt To Equity Ratio* (DER) tidak berpengaruh signifikan terhadap harga saham.

Kata Kunci : *Earning Per Share* (EPS), *Return On Asset* (ROA) dan *Debt To Equity Ratio* (DER) dan harga saham

ABSTRACT

This study aims analyze the influence of Earning Per Share, Return On Asset and Debt To Equity Ratio of share price (empirical study at LQ-45 in effect exchange Indonesia). Data obtained as many as 14 companies with the period from 2009 to 2011 and linked to the 4 variables of the study, namely : 3 independent variables : Earning Per Share, Return On Asset and Debt To Equity Ratio and 1 dependent variables : share price. Data analysis methods used are test for normality, multicollinearity test, heteroskedastisitas test, autocorrelation test, a test of determination, T test and F test.

The result showed that : for the F test results, Earning Per Share, Return On Asset and Debt To Equity Ratio simultaneously affects significant impact on shere price. To the test T variable Earning Per Share (EPS) significant affects the share price, while the variable Return On Asset and Debt To Equity Ratio does not affects the share price.

Keywords : Earning Per Share, Return On Asset, Debt To Equity Ratio and share price
