**ABSTRAK**

Penelitian ini bertujuan untuk menganalisa pengaruh *Leverage (Debt to Equity Ratio)*, *Dividend Payout Ratio*, *Return On Investment*, dan *Return On Equity* terhadap *Price Earning Ratio* (studi empiris pada perusahaan pertambangan yang tercatat di BEI). Data perusahaan dengan kurun waktu 2010-2014. Metode analisis data yang digunakan adalah uji normalitas, uji multikolinearitas, uji heteroskedasitas, uji autokorelasi, uji determinasi, uji F dan uji T. Hasil penelitian menunjukkan bahwa, *Dividend Payout Ratio*, dan *Return On Investment* berpengaruh terhadap *Price Earning Ratio*. Tetapi untuk *Leverage (Debt to Equity Ratio)* dan *Return On Equity* tidak berpengaruh terhadap *Price Earning Ratio*.

Kata Kunci : *Leverage (DER)*, *Dividend Payout Ratio (DPR)*, *Return On Investment (ROI)*,  
*Return On Equity (ROE)*, *Price Earning Ratio (PER)*

**ABSTRACT**

*This aims of this study are to analyze the influence of Leverage (Debt to Equity Ratio), Dividend Payout Ratio, Return On Investment and Return On Equity of the Price Earning Ratio (empirical studies on mining companies listed on the Indonesian Stock Exchange). Data obtained by nineteen companies with the period 2010-2014 and associated with the five variables : four independent variables: Leverage (Debt to Equity Ratio), Dividend Payout Ratio, Return On Investment and Return On Equity and one dependent variable: the Price Earning Ratio. The method of data analysis is normality test, multicolinearity, heteroskedasitas test, autocorrelation test, determination test, F test and T test. The results showed that, Dividend Payout Ratio and Return On Investment simultaneous significant effect on Price Earning Ratio. The result also showed that Leverage (Debt to Equity Ratio) and Return On Equity no significant effect on Price Earning Ratio.*

**Keywords:** Leverage (DER), Dividend Payout Ratio (DPR), Return On Investment (ROI), Return On Equity (ROE), Price Earning Ratio (PER)
