

ABSTRACT

PT Anabatic TECHNOLOGIES is a Information Technology (IT) service company that has hundreds of employees and continues to grow. Using the system work remotely, so that employees are not always in the office. As for the employee leave application processes that are running currently still using paper forms and should come to the office to take care of approval. With the existing employee leave system , many obstacles encountered by the employee during the leave application because they had to come to the office and it is difficult to know the remaining days of leave that owned by employees. As for the employee affair encountered problems when performing employees data recapitulation of who ask leave, remaining days of leave that owned by employees, and control the approval process of each leave application. With applications built Employees Leave "ONLINE" this will enable employees to perform leave application and find out the remaining days of leave that owned by employees, as well as for the employee affair department can easily perform employees data recapitulation of who ask leave, remaining days of leave that owned by employees, and control the approval process of each leave application..

ABSTRAK

PT ANABATIC TECHNOLOGIES merupakan perusahaan jasa Teknologi Informasi (TI) yang mempunyai ratusan karyawan dan terus bertambah. Dengan menggunakan sistem pekerjaan jarak jauh, sehingga para karyawan tidak selalu berada di kantor. Sedangkan untuk proses pengajuan cuti karyawan yang sedang berjalan saat ini masih menggunakan formulir kertas dan harus datang ke kantor untuk mengurus persetujuan. Dengan sistem cuti karyawan yang ada, banyak kendala yang dihadapi oleh karyawan saat melakukan pengajuan cuti karena harus datang ke kantor dan kesulitan untuk mengetahui sisa cuti yang dimiliki oleh karyawan. Sedangkan untuk bagian kepegawaian menemui kendala saat melakukan rekap data karyawan yang mengajukan cuti, sisa cuti dari karyawan, dan mengontrol proses persetujuan dari masing – masing pengajuan cuti tersebut. Dengan dibuatnya aplikasi Cuti Karyawan “*ONLINE*” ini akan mempermudah karyawan untuk melakukan pengajuan cuti dan mengetahui sisa cuti yang dimiliki oleh karyawan, serta untuk bagian kepegawaian dapat dengan mudah melakukan rekap data karyawan yang mengajukan cuti, sisa cuti dari karyawan, dan mengontrol proses persetujuan cuti.
