

DAFTAR SINGKATAN

3GPP	=	Third Generation Partnership Project
AAS	=	Adaptive Antenna Systems or Advanced Antenna Systems
ADSL	=	Asymmetric Digital Subscriber Line
AGC	=	Automatic Gain Control
AMC	=	Adaptive Modulation and Coding
ARPU	=	Average Revenue Per User
ARQ	=	Automatic-Repeat-Request
APT	=	Asia Pacific Telecommunity
ACLR	=	Adjacent Channel Leakage Ratio
BER	=	Bit Error Rate
BPSK	=	Binary Phase Shift Keying
BS	=	Base Station
BW	=	Bandwidth
BWA	=	Broadband Wireless Access
CAPEX	=	Capital Expenditures
C/I	=	Carrier-to-interference
C/N	=	Carrier to Noise Ratio
CDMA	=	Code-Division Multiple Access
CEPT	=	the European Conference of Postal and Telecommunications Administrations
CPE	=	Customer Premises Equipment
DL	=	Down Link
EDGE	=	Enhanced Data rates for Global Evolution
EIRP	=	Equivalent Isotropic Radiated Power
ETSI	=	European Telecommunications Standards Institute
FCC	=	Federal Communications Commission
FDD	=	Frequency Division Duplexing
FDM	=	Frequency Division Multiple
FDMA	=	Frequency Division Multiple Access

FEC	=	Forward Error Correction
FFT	=	Fast Fourier Transform
FSL	=	Free Space Loss
FSS	=	Fixed Satellite Service
G/T	=	Gain Over Temperature
GPRS	=	General Packet Radio Service
HDR	=	High Data Rate
IBO	=	Input Back Off
ICI	=	Inter Carrier Interference
IDR	=	Intermediate Data Rate
IEEE	=	Institute of Electrical and Electronics Engineers
ISI	=	Inter Symbol Interference
ISM	=	Industrial, Scientific, and Medical
ISP	=	Internet Service Provider
ITU-R	=	International Telecommunication Union, Radiocommunication Sector
Kbps	=	Kilo bit per second
LBR	=	Low Bit Rate
LNA	=	Low noise amplifier
LNB	=	Low Noise Block down-converters
MAC	=	Medium Access Control
Mbps	=	Mega bit per second
MCPC	=	Multi Channel per Carrier
MIMO	=	Multiple Input Multiple Output
NMS	=	Network Management System
OBO	=	Output Back Off
OFDM	=	Orthogonal Frequency Division Multiplexing
OFDMA	=	Orthogonal Frequency Division Multiplexing Access
OOBE	=	Out Of Band Emission
PA	=	Power Amplifier
pfd	=	Power Flux Density
PMP	=	Point To Multipoint
PTP	=	Point To Point

QAM	=	Quadrature Amplitude Modulation
OPEX	=	Operational Expenditures
QoS	=	Quality of service
QPSK	=	Quadrature Phase Shift Keying
RF	=	Radio Frequency
RX	=	Receive
SCPC	=	Single Channel Per Carrier
SFD	=	Saturated Flux Density
SIR	=	Signal to Interference Ratio
SS	=	Subscriber Station
TDM	=	Time Division Multiplex
TDMA	=	Time Division Multiple Access
TX	=	Transmit
UL	=	Up Link
UMTS	=	Universal Mobile Telecommunications System
VSAT	=	Very Small Aperture Terminal
WARC	=	World Administrative Radio Conference
WCDMA	=	Wideband Code-Division Multiple Access
XPD	=	Transponder
XPIC	=	Cross Polarization Interference Cancellation
