

ABSTRACT

The purpose of this reasearch is to examine effect of financial ratio such as Current Ratio, Debt to Equity Ratio, Return on Asset, Total Asset Turnover, and Price Earning Ratio to stock price. In this reasearch, stock price is measured from stock price after the financial statement has been published on Indonesia Exchange Stock (www.idx.co.id). For the Current Ratio, Debt to Equity Ratio, Return on Asset, Total Asset Turnover, and Price Earning Ratio are measured from financial statements available at www.idx.co.id. This reasearch is using purposive sampling and choose the property companies with several criteria. This samples obtained in this reasearch amounted 38 property companies by taking data for five years 2012-2016.

The result of this reseach showed only Total Asset Turnover has effect to price stock. Current Ratio, Debt to Equity Ratio, Return on Asset, and Price Earning Ratio have not effect to price stock.

Keywords : *stock price, Current Ratio, Debt to Equity Ratio, Return on Asset, Total Asset Turnover, and Price Earning Ratio.*

ABSTRAK

Penelitian ini bertujuan untuk menguji pengaruh dari rasio keuangan yaitu *Current Ratio, Debt to Equity Ratio, Return on Asset, Total Asset Turnover, dan Price Earning Ratio* terhadap harga saham. Harga saham yang dijadikan alat ukur pada penelitian ini merupakan harga saham setelah di *publishnya* laporan keuangan pada Bursa Efek Indonesia di *www.idx.co.id*. Rasio keuangan *Current Ratio, Debt to Equity Ratio, Return on Asset, Total Asset Turnover, dan Price Earning Ratio* dapat dihitung dengan bantuan laporan keuangan yang terdapat di *www.idx.co.id*. Penelitian ini mengambil sampel dengan *purposive sampling* yaitu memilih perusahaan properti dengan kriteria tertentu. Sampling yang didapat pada penelitian ini berjumlah 38 perusahaan properti dengan mengambil data selama lima tahun yaitu 2012-2016.

Hasil penelitian menunjukkan bahwa hanya *Total Asset Turnover* yang mempengaruhi harga saham. *Current Ratio, Debt to Equity Ratio, Return on Asset, dan Price Earning Ratio* tidak berpengaruh terhadap harga saham.

Kata kunci : *harga saham, Current Ratio, Debt to Equity Ratio, Return on Asset, Total Asset Turnover, dan Price Earning Ratio.*
