

## DAFTAR ISI

|                                                          |     |
|----------------------------------------------------------|-----|
| ABSTRAKSI .....                                          | i   |
| ABSTRACT.....                                            | ii  |
| DAFTAR ISI.....                                          | iii |
| DAFTAR GAMBAR .....                                      | v   |
| DAFTAR TABEL.....                                        | vii |
| BAB 1. PENDAHULUAN.....                                  | 1-1 |
| 1.1. Latar Belakang Masalah.....                         | 1-1 |
| 1.2. Perumusan Masalah.....                              | 1-2 |
| 1.3. Batasan Masalah.....                                | 1-2 |
| 1.4. Tujuan Penelitian.....                              | 1-2 |
| 1.5. Manfaat Penelitian.....                             | 1-3 |
| 1.6. Metode Penelitian.....                              | 1-3 |
| 1.6.1. Metode Pengumpulan Data.....                      | 1-3 |
| 1.6.2. Metode Pengembangan Sistem.....                   | 1-3 |
| 1.6.3. Metode Pengujian.....                             | 1-3 |
| 1.7. Sistematika Penulisan Laporan .....                 | 1-4 |
| 1.7.1. Bab 1. Pendahuluan.....                           | 1-4 |
| 1.7.2. Bab 2. Landasan Teori .....                       | 1-4 |
| 1.7.3. Bab 3. Analisa Sistem .....                       | 1-4 |
| 1.7.4. Bab 4. Perancangan Sistem.....                    | 1-4 |
| 1.7.5. Bab 5. Implementasi Dan Pengujian.....            | 1-4 |
| 1.7.6. Bab 6. Penutup .....                              | 1-4 |
| BAB 2. LANDASAN TEORI .....                              | 2-1 |
| 2.1. Kajian Penelitian Terdahulu .....                   | 2-1 |
| 2.2. Kajian Teori.....                                   | 2-3 |
| 2.2.1. Pengertian <i>Proxy Server</i> .....              | 2-3 |
| 2.2.2. Pengertian <i>Squid</i> .....                     | 2-4 |
| 2.2.3. Pengertian <i>ACL (Access Control List)</i> ..... | 2-5 |
| 2.2.4. Pengertian <i>Http_Access</i> .....               | 2-6 |
| 2.2.5. Pengertian otentifikasi <i>NCSA</i> .....         | 2-6 |
| 2.2.6. Pengertian Mikrotik <i>Router</i> .....           | 2-7 |

|                       |                                                        |            |
|-----------------------|--------------------------------------------------------|------------|
| 2.2.7.                | <i>Packet Flow Diagram</i> .....                       | 2-8        |
| 2.2.8.                | Pengertian <i>Firewall</i> Mikrotik.....               | 2-10       |
| 2.2.9.                | Pengertian <i>NAT</i> dan <i>Mangle</i> Mikrotik ..... | 2-11       |
| 2.2.10.               | Pengertian <i>Queue Tree</i> .....                     | 2-11       |
| 2.2.11.               | Metode Pengembangan Sistem NDLC .....                  | 2-12       |
| <b>BAB 3.</b>         | <b>ANALISA SISTEM</b> .....                            | <b>3-1</b> |
| 3.1.                  | Analisa Pengguna .....                                 | 3-1        |
| 3.2.                  | Analisa Kebutuhan .....                                | 3-2        |
| 3.2.1.                | Prosedur Berjalan .....                                | 3-2        |
| 3.2.2.                | Permasalahan Yang Terjadi .....                        | 3-16       |
| 3.2.3.                | Kebutuhan Yang Diharapkan .....                        | 3-16       |
| 3.3.                  | Analisa Software .....                                 | 3-17       |
| 3.4.                  | Analisa Hardware .....                                 | 3-17       |
| <b>BAB 4.</b>         | <b>PERANCANGAN SISTEM</b> .....                        | <b>4-1</b> |
| 4.1.                  | Perancangan Arsitektur Jaringan.....                   | 4-3        |
| 4.2.                  | Perancangan Sistem.....                                | 4-3        |
| 4.3.                  | Antarmuka .....                                        | 4-4        |
| <b>BAB 5.</b>         | <b>IMPLEMENTASI DAN PENGUJIAN</b> .....                | <b>5-1</b> |
| 5.1.                  | Lingkungan Implementasi .....                          | 5-1        |
| 5.1.1.                | Konfigurasi Perangkat Keras .....                      | 5-1        |
| 5.1.2.                | Konfigurasi Perangkat Lunak .....                      | 5-1        |
| 5.2.                  | Hasil Implementasi.....                                | 5-6        |
| 5.3.                  | Hasil Pengujian.....                                   | 5-8        |
| 5.3.1.                | Metode Pengujian.....                                  | 5-8        |
| 5.3.2.                | Skenario Uji Coba .....                                | 5-8        |
| 5.3.3.                | Hasil Uji Coba.....                                    | 5-8        |
| 5.3.4.                | Analisa Hasil Pengujian .....                          | 5-11       |
| <b>BAB 6.</b>         | <b>PENUTUP</b> .....                                   | <b>6-1</b> |
| 6.1.                  | Kesimpulan.....                                        | 6-1        |
| 6.2.                  | Saran .....                                            | 6-1        |
| <b>DAFTAR PUSTAKA</b> | .....                                                  | <b>A-1</b> |
