ABSTRACT

Promotional catalogs play an important role in a media promotion of a vendor, because the media campaign should be able to display what is sold. The development of promotional media at this time is very varied ranging from online media, brochures, tv , etc. so it needs innovation to attract the attention of potential customers. So the designer makes a promotional media in the form of catalogs with pop up techniques.

The design of the prewedding and wedding promotional catalog with pop up technique uses several pop up techniques: V-Folding, Pull Strip, Pull Flip, Pull Stand, Flip Show, Rotating Circle in a Mountain V-fold.
