FOREWORD

All thanks to one and only Allah SWT, for the grace that was given to researcher so these researches with the title “The Rationalization of Hijabers to Imitate Hijab Style From Instagram” was finished.

During the writing process, researcher realized that in the paper that was written, there were so many mistakes and flaws because the lack of knowledge that the researcher has. But thanks to all the blessing and courage from a lot of parties, this proposal was finished. For that, researcher wants to give a lot of thanks to:

1. Mr. Ponco as my thesis supervisor. Thanks for the guide and support also for all the words that gave me courage to finish this thesis. Also Mr. Afdal as my thesis defence chairman and Mrs. Sofia as my examiner, thank you for all the suggestions to make my thesis even better.

2. Lecturers of Mercu Buana University. Thanks you for the guide and support to all the students to finish their final paper. Especially to all final paper advisors that help us perfecting our paper.

3. Beloved parent, Acep Suherman and Tenia. Because without their prayers and wisdom, researcher wouldn’t even motivated to finish this paper.

4. One and only sister Mezaluna Dinda Azuri. Although the troubles are more prominent than the helps, thank you for all the jokes and the courage. Don’t ever stop speaking with English and Japanese as our speaking practice.

5. All my friends at Mercu Buana University that can’t be said one by one. Thank you for all the jokes and talks that make college days weren’t boring.

In the end, researcher only able to say a lot of thanks to parties that had been said above and also all the parties that couldn’t be said one by one. In this research, researcher fully realized that this paper was far from perfection, therefore constructive critics and suggestions are really appreciated. And like the researcher said in the beginning, hope that this paper would be very helpful to the people who reading it.
