SURAT PERNYATAAN KARYA SENDIRI................................................................. i
LEMBAR PENGESAHAN SKRIPSI................................................................. ii
ABSTRAK .......................................................................................................... iii
KATA PENGANTAR....................................................................................... v
DAFTAR ISI..................................................................................................... vii
DAFTAR TABEL.............................................................................................. x
DAFTAR GAMBAR......................................................................................... xii
DAFTAR LAMPIRAN...................................................................................... xiii

BAB I  PENDAHULUAN
A.  Latar Belakang Masalah ........................................................................ 1
B.  Rumusan Masalah Penelitian ............................................................... 7
C.  Tujuan Penelitian ................................................................................ 7
D.  Manfaat Penelitian ........................................................................... 7

BAB II  KAJIAN PUSTAKA, RERANGKA PEMIKIRAN, DAN HIPOTESIS
A.  Kajian Pustaka ................................................................................... 8
   1. Teori Agensi .................................................................................... 8
   2. Teori Signal ................................................................................... 9
   3. Pengertian Kualitas Audit .............................................................. 11
   4. Pengertian Audit Sistem Informasi .......... ....................................... 12
   5. Jenis Jenis Audit Sistem Informasi ................................................ 13
   6. Standard Audit Sistem Informasi .................................................. 14
   7. Teknik Audit Sistem Informasi ...................................................... 16
   8. Penerapan Audit Sistem Informasi .............................................. 17
   9. Pengertian Paradigma ................................................................. 21
  10. Pengertian Audit Internal ............................................................. 21
  11. Pergeseran Paradigma Audit Internal ........................................... 23
  12. Tabel Perbedaan Paradigma Lama dan Paradigma Baru .......... 25
  13. Penelitian Terdahulu .................................................................... 26
  14. Tabel Penelitian Terdahulu ........................................................... 28
B.  Rerangka Pemikiran .......................................................................... 31
C.  Hipotesis ........................................................................................... 33

BAB III  METODE PENELITIAN
A.  Tempat dan Waktu Penelitian ......................................................... 34
B.  Desain Penelitian ............................................................................. 34
C.  Definisi dan Operasionalisasi Variabel ........................................... 35

BAB IV  HASIL DAN PEMBAHASAN

A. Gambaran Umum Objek Penelitian ............................................ 50
   1. Tempat Penelitian ............................................................ 50
   2. Waktu Penelitian ............................................................. 50
B. Karakteristik Profil Responden ............................................. 51
C. Hasil Statistik Deskriptif ....................................................... 54
D. Hasil Analisa Pengujian Data ................................................ 60
   1. Uji Validitas ................................................................. 60
   2. Uji reabilitas ................................................................. 62
E. Hasil Uji Asumsi Klasik ....................................................... 64
   1. Uji Multikolonieritas ........................................................ 64
   2. Uji Heteroskedastisitas ..................................................... 64
   3. Uji Normalitas ............................................................... 66
F. Hasil Uji Koefisien Determinasi ............................................ 69
G. Hasil Uji Analisis Linier Berganda ......................................... 70
H. Hasil Uji kelayakan Model .................................................... 71
   1. Hasil Uji Signifikansi Simultan (Uji Statistik F) ................. 71
   2. Hasil Uji Signifikansi Parameter Individual (Uji Statistik t) 72

BAB V SIMPULAN DAN SARAN
A. Kesimpulan ............................................................... 76
B. Keterbatasan ............................................................ 77
C. Saran ....................................................................... 78
DAFTAR PUSTAKA .......................................................... 79
LAMPIRAN .....................................................................
