BAB I  PENDAHULUAN ................................................................................................. 1
   1.1 Latar Belakang ..................................................................................................... 1
   1.2 Rumusan Masalah ............................................................................................. 9
   1.3 Tujuan ............................................................................................................... 9
   1.4 Manfaat ........................................................................................................... 9

BAB II  TINJAUAN PUSTAKA .................................................................................... 11
   2.1 Kesiapan untuk Berubah .................................................................................. 11
      2.1.1 Definisi Kesiapan untuk Berubah .............................................................. 11
      2.1.2 Dimensi Kesiapan untuk Berubah ............................................................. 13
   2.2 Persepsi Peran Manajemen Sumber Daya Manusia ............................................ 15
      2.2.1 Definisi Persepsi ...................................................................................... 15
      2.2.2 Faktor-faktor yang Memengaruhi Persepsi ............................................. 16
      2.2.3 Definisi Manajemen Sumber Daya Manusia .......................................... 17
      2.2.4 Peran Manajemen Sumber Daya Manusia ............................................ 18
      2.2.5 Definisi Persepsi Peran Manajemen Sumber Daya Manusia ................. 19
   2.3 Penelitian Terdahulu ....................................................................................... 20
   2.4 Kerangka Berpikir .......................................................................................... 22
   2.5 Hipotesis Penelitian ...................................................................................... 25
   2.6 Profil Perguruan Tinggi .................................................................................. 25
      2.6.1 Sejarah Perguruan Tinggi ....................................................................... 25
      2.6.2 Visi dan Misi Perguruan Tinggi ............................................................... 27
      2.6.3 Struktur Organisasi ................................................................................ 28
BAB III    METODOLOGI PENELITIAN ......................................................... 29
3.1 Jenis Penelitian ........................................................................... 29
3.2 Variabel Penelitian .................................................................... 29
   3.2.1 Variabel Independen ............................................................. 30
   3.2.2 Variabel Dependen ................................................................. 30
3.3 Definisi Konseptual ................................................................. 30
3.4 Definisi Operasional ................................................................. 31
3.5 Populasi dan Sampel Penelitian ............................................... 32
   3.5.1 Populasi ............................................................................... 32
   3.5.2 Sampel ................................................................................ 32
3.6 Teknik Pengambilan Sampel ..................................................... 33
3.7 Metode Pengumpulan Data ....................................................... 33
   3.7.1 Alat Ukur Kesiapan untuk Berubah ....................................... 35
   3.7.2 Alat Ukur Persepsi Peran Manajemen Sumber Daya Manusia ... 36
3.8 Uji Instrumen Penelitian .......................................................... 37
   3.8.1 Uji Validitas ......................................................................... 37
   3.8.2 Uji Reliabilitas ...................................................................... 39
3.9 Teknik Analisa Data ................................................................. 40
   3.9.1 Uji Hipotesis ........................................................................ 40
   3.9.2 Uji Korelasi .......................................................................... 41
   3.9.3 Uji Korelasi Dimensi ............................................................. 41
   3.9.4 Uji Kruskall Wallis H ........................................................... 41
   3.9.5 Analisa Deskriptif ................................................................. 41
   3.9.6 Kategorisasi ......................................................................... 42

BAB IV    HASIL PENELITIAN DAN PEMBAHASAN ......................... 43
4.1 Deskripsi Umum Subjek ............................................................ 43
   4.1.1 USIA .................................................................................... 43
   4.1.2 Jenis Kelamin ....................................................................... 46
   4.1.3 Lama Kerja ......................................................................... 48
   4.1.4 Fakultas .............................................................................. 51
4.2 Teknik Analisa Data ................................................................. 54
   4.2.1 Uji Korelasi ......................................................................... 54
   4.2.2 Uji Korelasi Dimensi ............................................................. 55
   4.2.3 Kategorisasi Skor Skala ........................................................ 57
   4.2.4 Uji Kruskall Wallis ............................................................... 59
4.2.5 Analisa Deskriptif .............................................................................................................. 59
4.3 Pembahasan .......................................................................................................................... 60
BAB V PENUTUP .......................................................................................................................... 66
5.1 Kesimpulan .......................................................................................................................... 66
5.2 Keterbatasan Penelitian ....................................................................................................... 67
5.3 Saran ..................................................................................................................................... 67
