BAB I PENDAHULUAN .......................................................................... 1

A. Latar Belakang Penelitian .............................................................. 1

B. Perumusan Masalah Penelitian ..................................................... 12

C. Tujuan Dan Kontribusi Penelitian ................................................ 13

1. Tujuan Penelitian ..................................................................... 13

2. Kontribusi Penelitian ............................................................... 13

BAB II KAJIAN PUSTAKA, KERANGKA PEMIKIRAN DAN

HIPOTESIS .............................................................................................. 14

A. Kajian Pustaka ........................................................................... 14

1. Landasan Teori ................................................................. 14

a. Teori Agensi (Agency Theory) ........................................... 14
2. Penghindaran Pajak .......................................................... 15
3. Tax Haven ......................................................................... 17
4. Leverage ........................................................................ 19
5. Transfer Pricing ................................................................. 20
6. Komite Audit .................................................................. 21
7. Penelitian terdahulu ........................................................ 22
B. Rerangka pemikiran ............................................................. 27
   1. Pengaruh Tax Haven Terhadap Penghindaran Pajak ........ 27
   2. Pengaruh Leverage Terhadap Penghindaran Pajak .......... 27
   3. Pengaruh Transfer Pricing Terhadap Penghindaran Pajak .. 28
   4. Pengaruh Komite Audit Terhadap Penghindaran Pajak .... 29
C. Hipotesis ............................................................................. 30

BAB III METODE PENELITIAN ........................................ 32
A. Waktu Dan Tempat Penelitian ........................................... 32
B. Desain Penelitian ............................................................. 32
C. Definisi Operasional Variabel Dan Skala Pengukuran .......... 32
   1. Variable Dependen ......................................................... 33
   2. Variabel Independen ....................................................... 34
   3. Operasional Variable ..................................................... 37
D. Populasi Dan Sampel Penelitian ........................................ 38
   1. Populasi Penelitian ......................................................... 38
   2. Sampel Penelitian ........................................................ 38
E. Metode Pengumpulan Data ........................................................... 39
F. Metode Analisis ................................................................. 40
   1. Statistik Deskriptif ............................................................. 40
   2. Uji Asumsi Klasik ............................................................. 40
      a. Uji Normalitas ............................................................... 40
      b. Uji Multikolineritas ..................................................... 42
      c. Uji Autokorelasi .......................................................... 42
      d. Uji Heteroskedastitisas .............................................. 43
   3. Uji Kelayakan Model .......................................................... 44
      a. Uji Koefisien Determinasi (R²) ..................................... 44
      b. Uji Simultan (Uji F-Test) ............................................. 44
   3. Uji Hipotesis ................................................................. 45
      a. Uji Parsial (Uji T-Test) ............................................... 45
      b. Uji Regresi Linier Berganda ....................................... 45
BAB IV ANALISIS HASIL DAN PENELITIAN ............................... 47
A. Gambaran Umum Objek Penelitian .......................................... 47
   1. Tempat dan Waktu Penelitian ............................................ 47
   2. Deskritif Objek Penelitian ............................................... 47
B. Hasil Uji Statistik Deskriptif .................................................. 49

C. Hasil Uji Asumsi Klasik ............................................................. 52
   1. Uji Normalitas....................................................................... 52
   2. Uji Multikolinieritas.............................................................. 54
   3. Uji Autokorelasi.................................................................... 55
   4. Uji Heteroskedasititas........................................................... 58
D. Uji Kelayakan Model ................................................................. 59
   1. Uji Koefisien Determinan..................................................... 59
   2. Uji Statistik F ........................................................................ 60
E. Uji Hipotesis ............................................................................. 61
   1. Uji Statistik T ........................................................................ 61
   2. Uji Analisis Linear Berganda ................................................. 63
F. Pembahasan Hasil Peneletian ..................................................... 65
   1. Pengaruh Tax Haven Terhadap Penghindaran Pajak ............ 65
   2. Pengaruh Leverage Terhadap Penghindaran Pajak ............... 67
   3. Pengaruh Transfer Pricing Terhadap Penghindaran Pajak ... 68
   4. Pengaruh Komite Audit Terhadap Penghindaran Pajak ...... 69
