

## **ABSTRACT**

*This research aims to know the influence of the proportion of independent commissioners on financial performance with corporate social responsibility as an intervening variable (empirical study on various banking sector service companies listed on the Indonesia Stock Exchange in 2012-2016). The population in this study amounted to 43 various banking sector service companies until 2016. The samples used many as 6 companies with purposive sampling technique. This research used Partial Least Square (PLS). The company's financial performance is measured by Return on Equity (ROE).*

*The results of this research shows that either partially the proportion of independent board of directors has a significant effect on the company's financial performance, but does not affect corporate social responsibility. Corporate social responsibility does not affect financial performance. Therefore, the accepted assumption is, there is a simultaneous influence between the proportion of independent commissioners on financial performance, but corporate social responsibility is not an intervening variable.*

**Keywords:** *Proportion of Independent Board of Commissioners, Corporate Social Responsibility, Financial Performance (ROE).*

## ABSTRAK

Penelitian ini untuk mengetahui pengaruh proporsi dewan komisaris independen terhadap kinerja keuangan dengan *corporate social responsibility* sebagai variabel intervening (studi empiris pada perusahaan jasa sektor perbankan yang terdaftar di Bursa Efek Indonesia Tahun 2012-2016). Populasi dalam penelitian ini berjumlah 43 perusahaan jasa sektor perbankan sampai dengan tahun 2016. Sampel yang digunakan sebanyak 6 perusahaan jasa sektor perbankan dengan pengambilan sampel menggunakan teknik *purposive sampling*. Penelitian ini menggunakan pendekatan *Partial Least Square* (PLS). Kinerja keuangan perusahaan diukur oleh *Return On Equity* (ROE).

Hasil penelitian ini menunjukkan bahwa secara parsial variabel proporsi dewan komisaris independen berpengaruh signifikan terhadap kinerja keuangan perusahaan, namun tidak berpengaruh terhadap *corporate social responsibility*. *Corporate social responsibility* tidak berpengaruh terhadap kinerja keuangan. Oleh karena itu hasil uji dari penelitian ini menyatakan bahwa terdapat pengaruh secara simultan antara proporsi dewan komisaris independen terhadap kinerja keuangan, namun *corporate social responsibility* bukan merupakan variabel intervening.

**Kata kunci:** Proporsi Dewan Komisaris Independen, *Corporate Social Responsibility*, Kinerja Keuangan (ROE).
