

## DAFTAR GAMBAR

|   | Halaman |
|---|---------|
| Gambar 2.1 Microcontroller Wemos D1 .....                   | 8       |
| Gambar 2.2 Software Arduino IDE .....                       | 16      |
| Gambar 2.3 Sensor Gas MQ-2 .....                            | 22      |
| Gambar 2.4 Telegram Messenger .....                         | 23      |
| Gambar 2.5 Sensor DHT-11 .....                              | 25      |
| Gambar 2.6 Module Buzzer Aktif .....                        | 27      |
| Gambar 2.7 Module LCD 20x4 .....                            | 27      |
| Gambar 2.8 Module I2C LCD .....                             | 29      |
| Gambar 3.1 Blok Diagram Rangkaian .....                     | 30      |
| Gambar 3.2 Flowchart .....                                  | 32      |
| Gambar 3.3 Rancangan Keseluruhan Alat .....                 | 33      |
| Gambar 3.4 Rangkaian Sensor MQ-2 .....                      | 34      |
| Gambar 3.5 Rangkaian DHT-11 .....                           | 35      |
| Gambar 3.6 Rangkaian Interface LCD .....                    | 36      |
| Gambar 3.7 Rangkaian Buzzer .....                           | 37      |
| Gambar 3.8 Get ID Bot .....                                 | 37      |
| Gambar 3.9 Cara membuat Bot Telegram .....                  | 38      |
| Gambar 3.10 Hasil Membuat Bot Telegram .....                | 38      |
| Gambar 3.11 Coding Arduino IDE menyambung ke Telegram ..... | 39      |
| Gambar 4.1 Pengujian LCD Connect ke Wifi .....              | 48      |
| Gambar 4.2 Tampilan Sensor Gas MQ-2 .....                   | 50      |
| Gambar 4.3 Tampilan Pembacaan IP .....                      | 54      |
