BAB I PENDAHULUAN
A. Latar Belakang Penelitian ................................................................. 1
B. Rumusan Masalah Penelitian ................................................................. 11
C. Tujuan dan Kontribusi Penelitian ........................................................... 11
  1. Tujuan Penelitian ....................................................................... 11
  2. Kontribusi Penelitian ................................................................... 12

BAB II KAJIAN PUSTAKA, RERANGKA PEMIKIRAN, DAN HIPOTESIS
A. Kajian Pustaka ........................................................................................ 13
  1. Teori Keagenan ........................................................................... 13
  2. Kualitas Pelaporan Keuangan Pemerintah Daerah ............. 14
  3. Kompetensi Sumber Daya Manusia ............................................ 17
  4. Sistem Akuntansi Keuangan Daerah (SAKD) .................... 20
  5. Sistem Pengendalian Intern Pemerintah .......................... 21
  6. Penelitian Terdahulu .................................................................. 24
B. Rerangka Pemikiran ................................................................................ 30
C. Hipotesis ................................................................................................. 35

BAB III METODE PENELITIAN
A. Waktu dan Tempat Penelitian ................................................................. 36
B. Desain Penelitian .................................................................................... 36
C. Definisi dan Operasionalisasi Variabel ................................................... 37
  1. Definisi Variabel ......................................................................... 37
  2. Definisi Operasional Variabel ..................................................... 43
D. Pengukuran Variabel .............................................................................. 45
E. Populasi dan Sampel Penelitian .............................................................. 46
F. Teknik Pengumpulan Data ..................................................................... 50
G. Metode Analisis ....................................................................................... 51
  1. Analisis Karakteristik Responden ................................................... 51
  2. Uji Statistik Deskriptif .................................................................... 52
  3. Uji Hipotesis .................................................................................... 52
    a. Uji Outer Model (Model Pengukuran) ........................................ 52
      a) Validitas Konvergen (Convergent Validity) ......................... 53
      b) Validitas Diskriminan (Discriminant Validity) ...................... 53

d) Composite Reliability ..................................................... 52

e) Uji Inner Model (Model Struktural) ............................... 54

BAB IV HASIL DAN PENELITIAN
A. Gambaran Umum Objek Penelitian .................................................. 56
B. Karakteristik Profil Responden ......................................................... 57
C. Hasil Uji Statistik Deskriptif ............................................................... 60
D. Hasil Uji Hipotesis ........................................................................... 63
  1. Uji Outer Model (Model Pengukuran) ............................................. 63
     a. Hasil Uji Convergent Validity .................................................... 63
     b. Hasil Uji Discriminant Validity .................................................. 68
     c. Hasil Uji Average Variance Extrace (AVE) .............................. 70
     d. Hasil Uji Composite Reliability ................................................... 71
  2. Uji Inner Model (Model Struktural) ................................................ 72
     a. Hasil Uji R-Square .................................................................. 72
     b. Hasil Uji Path Coefficient ......................................................... 73
E. Pembahasan Hasil Penelitian ......................................................... 75

BAB V SIMPULAN DAN SARAN
A. Kesimpulan ..................................................................................... 80
B. Keterbatasan Penelitian ................................................................. 81
C. Saran ................................................................................................. 82
