DAFTAR ISI ....................................................................................................... ix
DAFTAR TABEL ............................................................................................... xi
DAFTAR GAMBAR ........................................................................................... xii
DAFTAR LAMPIRAN ....................................................................................... xiv

BAB 1 PENDAHULUAN ................................................................................... 1
  1.1. Latar Belakang .................................................................................. 1
  1.2. Rumusan Masalah ............................................................................. 2
  1.3. Batasan Masalah ............................................................................... 2
  1.4. Sistematika Penulisan ...................................................................... 2

BAB 2 TINJAUAN PUSTAKA ......................................................................... 4
  2.1. Landasan Teori ............................................................................... 4
  2.2. Penelitian Terkait .......................................................................... 5

BAB 3 TUJUAN DAN MANFAAT PENELITIAN ........................................... 10
  3.1. Tujuan Penelitian .......................................................................... 10
  3.2. Manfaat Penelitian ........................................................................ 10

BAB 4 METODE PENELITIAN .................................................................... 11
  4.1. Lokasi Penelitian ............................................................................ 11
  4.2. Sarana Pendukung ......................................................................... 11
  4.3. Teknik Pengumpulan Data ............................................................... 12
  4.4. Diagram Alir Penelitian ................................................................... 13
      4.4.1. Penjelasan Metodologi Penelitian ........................................... 13

BAB 5 HASIL DAN PEMBAHASAN............................................................... 14
  5.1. Perencanaan .................................................................................... 15
      5.1.1. Proses Bisnis .......................................................................... 15
  5.2. Analisa Sistem ............................................................................... 15
5.3. Perancangan Aplikasi ................................................................. 17
5.4. Lingkungan Implementasi .......................................................... 37
  5.4.1. Spesifikasi Perangkat Keras ................................................. 37
  5.4.2. Spesifikasi Perangkat Lunak ............................................... 37
5.5. Hasil Implementasi ................................................................. 38
  5.5.1. Implementasi Basis Data ...................................................... 38
  5.5.2. Implementasi Modul ........................................................... 38
5.6. Implementasi Program (Interface) ............................................. 39
5.7. Pengujuan Sistem ................................................................. 48

BAB 6 KESIMPULAN DAN SARAN ...................................................... 49
  6.1. Kesimpulan ............................................................................. 49
  6.2. Saran ....................................................................................... 49
