PEDOMAN PENGGUNAAN TESIS .............................................. iii
KATA PENGANTAR ................................................................ iv
ABSTRAK .................................................................................. v
ABSTRACT .................................................................................. vi
DAFTAR ISI ................................................................................ vii
DAFTAR TABEL ........................................................................... ix
DAFTAR GAMBAR ......................................................................... x

BAB I  PENDAHULUAN ............................................................. 1
  1.1 Latar Belakang .................................................................. 1
  1.2 Rumusan Masalah ........................................................... 7
  1.3 Tujuan Penelitian dan Manfaat Penelitian ......................... 8
  1.4 Batasan Masalah .............................................................. 8

BAB II KAJIAN PUSTAKA ......................................................... 9
  2.1 Kajian Teori .................................................................... 10
      2.1.1 Keamanan Pangan ................................................... 10
      2.1.2 Sanitasi dan Hygiene .............................................. 11
      2.1.3 Sumber Kontaminasi ............................................. 16
      2.1.4 Good Manufacturing Practices (GMP) ......................... 25
      2.1.5 Penerapan GMP di Industri Kecil ............................... 27
      2.1.6 Penerapan GMP di Industri Bakso .............................. 29
  2.2 Penelitian Terdahulu ......................................................... 31
  2.3 Kerangka Pemikiran .......................................................... 37

BAB III  METODOLOGI ............................................................ 39
  3.1 Jenis dan Desain Penelitian .............................................. 39
  3.2 Data dan Informasi ............................................................ 39
  3.2.1 Variabel Penelitian ..................................................... 39
