PENGESAHAN TESIS ........................................................................................................................................... iii

PERNYATAAN ................................................................................................................................................ iv

KATA PENGANTAR .........................................................................................................................................v

ABSTRAK ....................................................................................................................................................... vii

ABSTRACT ....................................................................................................................................................... viii

DAFTAR ISI ..................................................................................................................................................... ix

DAFTAR GAMBAR .......................................................................................................................................... xi

DAFTAR TABEL ............................................................................................................................................... xii

BAB I PENDAHULUAN ......................................................................................................................................... 1
  1.1 Latar Belakang ...................................................................................................................................... 1
  1.2 Rumusan Masalah .............................................................................................................................. 2
  1.3 Batasan Masalah ................................................................................................................................ 3
  1.4 Tujuan Penelitian ............................................................................................................................... 3
  1.5 Kontribusi Penelitian ........................................................................................................................ 3
  1.6 Sistematika Penulisan ........................................................................................................................ 3

BAB II KAJIAN PUSTAKA .............................................................................................................................. 5
  2.1 Penelitian Terdahulu .......................................................................................................................... 5
  2.2 Model Penerimaan Teknologi (*Technology Acceptance model*) ..................................................... 6
  2.3 Penentuan Populasi dan Sampel Penelitian ..................................................................................... 10
  2.4 *Digital Signature* Dan *Elektronik Approval* ............................................................................. 11
  2.5 *Digital Approval* ........................................................................................................................... 11
  2.6 Sistem Informasi Akademik ............................................................................................................. 12

BAB III METODE PENELITIAN .................................................................................................................. 13
  3.1 Objek Penelitian .................................................................................................................................. 13
  3.2 Populasi dan Sampel ......................................................................................................................... 13
  3.3 Jenis dan Sumber Data ..................................................................................................................... 14
  3.4 Metode Pengumpulan Data ............................................................................................................. 15
  3.5 Variabel Penelitian ........................................................................................................................... 16
  3.6 Prosedur Penelitian ............................................................................................................................ 17
  3.7 Evaluasi Kerangka Kerja Pada Sistem Informasi Akademik ............................................................. 18

BAB IV HASIL DAN PEMBAHASAN ............................................................................................................. 20
  4.1 Deskripsi Data .................................................................................................................................... 20
  4.2 Analisis data ....................................................................................................................................... 20
