BAB I PENDAHULUAN ................................................................................... 1
  A. Latar Belakang Penelitian ........................................................................ 1
  B. Rumusan Masalah Penelitian ................................................................. 11
  C. Tujuan dan Kontribusi Penelitian ........................................................... 12
     1. Tujuan Penelitian ................................................................................ 12
     2. Kontribusi Penelitian .......................................................................... 13

BAB II KAJIAN PUSTAKA, RERANGKA PEMIKIRAN DAN HIPOTESI 14
  A. Kajian Pustaka ........................................................................................ 14
     1. Teori Keagenan ................................................................................... 14
     2. Teori Sinyal ......................................................................................... 16
     3. Pengungkapan Laporan Keuangan ..................................................... 17
     4. Pengungkapan Sukarela (Voluntary Disclosure) ................................ 19

     8. Frekuensi Rapat Direksi ..................................................................... 27
     9. Spesialisasi Industri KAP .................................................................. 28
  B. Penelitian Sebelumnya ........................................................................... 29
C. Rerangka Pemikiran ............................................................................... 35
D. Pengembangan Hipotesis ....................................................................... 37

BAB III METODE PENELITIAN ................................................................. 40
A. Waktu dan Tempat Penelitian ............................................................... 40
B. Desain Penelitian .................................................................................. 40
C. Definisi dan Operasionalisasi Variabel .............................................. 41
    1) Variabel Dependen (Y) ..................................................................... 41
    2) Variabel independen ........................................................................ 42
D. Populasi dan Sampel Penelitian .......................................................... 46
E. Teknik Pengumpulan Data .................................................................... 48
F. Metode Analisis Data ............................................................................ 49
    1) Statistik Deskriptif .......................................................................... 49
    2) Uji Asumsi Klasik .......................................................................... 49
    3) Uji Kelayakan Model ....................................................................... 52
    4) Uji Hipotesis .................................................................................. 53

BAB IV HASIL DAN PEMBAHASAN ......................................................... 56
A. Gambaran Umum Objek Penelitian ...................................................... 56
    1. Deskripsi Data Penelitian ............................................................... 56
B. Uji Statistik Deskriptif ......................................................................... 56
C. Uji Asumsi Klasik ............................................................................... 61
    1. Uji Normalitas ................................................................................. 61
    2. Uji Multikolineritas ......................................................................... 63
    3. Uji Heteroskedastisitas ................................................................. 64
    4. Uji Autokorelasi ............................................................................. 66
D. Uji Kelayakan Model ........................................................................... 71
    1. Koefisien Determinasi (R²) ............................................................ 71
    2. Uji Signifikankan Simultan (Uji Statistik F) ................................. 72
    3. Uji Signifikansi Parameter Individual (Uji Statistik t) ................. 72
E. Analisis Regresi Linier Berganda ........................................................... 74
F. Pembahasan Hasil Penelitian ................................................................. 77

BAB V SIMPULAN DAN SARAN ................................................................. 82
A. Simpulan ................................................................................................. 82
B. Saran dan Keterbatasan Penelitian ........................................................ 83
