

ABSTRACT

This study aims to examine and analyze the influence of image brands and product quality of the decision to purchase drink tea in packs brand tea bottles sosro in indonesia. (a case study on the consumer they get milk to drink a small plastic bottle full of tea leaves are set sosro in kecamatan kebon jeruk , west jakarta). Technique the sample collection in this research the convenience of sampling. Respondents in this research as many as 100 respondents from the customers tea in sub-district kebon jeruk sosro bottle , west jakarta. It is an approach that in use on of this research is structural equation a model (shem) with a tool it is anticipated that analysis smart-pls.

The results of the test which has been these chareges in the future after do our tests structural models such as linking banks/efforts whatever survives this test a hypothesis (inner religion a model) shows that brand shots would take off and the product quality and increase of the decision of pt indofood acquired misp shares. Variable image brand have had a positive impact and significant of the decision the purchase. The product quality variable have had a positive impact and significant of the decision of the purchase.

Key words: the image of a brand, the product quality, pt indofood acquired misp shares decision was based on the, structural equation a model (shem), partial least square (pls)

ABSTRAK

Penelitian ini bertujuan untuk menguji dan menganalisis Pengaruh Citra Merek dan Kualitas Produk Terhadap Keputusan Pembelian Minuman teh dalam kemasan Merek Teh Botol Sosro di indonesia. (Studi kasus pada konsumen minuman Teh Botol Sosro di kecamatan Kebon Jeruk, Jakarta Barat). Teknik pengambilan sampel dalam penelitian ini yaitu *Convenience Sampling*. Responden dalam penelitian ini sebanyak 100 responden dari konsumen Teh Botol Sosro di kecamatan Kebon Jeruk, Jakarta Barat. Pendekatan yang digunakan pada penelitian ini adalah *Struktural Equation Model (SEM)* dengan alat analisis Smart-PLS.

Hasil penelitian yang telah didapatkan setelah melakukan pengujian Model Struktural/Uji Hipotesis (Inner Model) menunjukkan bahwa Citra Merek dan Kualitas Produk Terhadap Keputusan Pembelian. Variabel Citra Merek berpengaruh positif dan signifikan terhadap Keputusan Pembelian. Variabel Kualitas Produk berpengaruh positif dan signifikan terhadap Keputusan Pembelian.

Kata kunci : Citra Merek, Kualitas Produk, Keputusan Pembelian, *Struktural Equation Model (SEM)*, *Partial Least Square(PLS)*
