SURAT PERNYATAAN KARYA SENDIRI ............................................. i

LEMBAR PENGESAHAN SKRIPSI ......................................................... ii

ABSTRAK ............................................................................................ iii

KATA PENGANTAR .............................................................................. v

DAFTAR ISI ........................................................................................... viii

DAFTAR TABEL ..................................................................................... xiii

DAFTAR GAMBAR .................................................................................. xiv

DAFTAR LAMPIRAN .............................................................................. xv

BAB I PENDAHULUAN

A. Latar Belakang Penelitian ............................................................. 1

B. Rumusan Masalah Penelitian ....................................................... 8

C. Tujuan dan Kontribusi Penelitian ............................................... 8
   1. Tujuan Penelitian ................................................................. 8
   2. Kontribusi Penelitian ........................................................... 9

http://digilib.mercubuana.ac.id/
BAB II KAJIAN PUSTAKA, RERANGKA PEMIKIRAN DAN HIPOTESIS

A. Kajian Pustaka ......................................................................................................................... 11

1. Teori Keagenan ......................................................................................................................... 11

2. Teori Sinyal .............................................................................................................................. 13

3. Nilai Perusahaan ....................................................................................................................... 14
   a. Definisi Nilai Perusahaan ................................................................................................. 14
   b. Konsep Nilai Perusahaan .................................................................................................. 15
   c. Pengukuran Nilai Perusahaan ......................................................................................... 16

4. Good Corporate Governance .................................................................................................. 17
   a. Pengertian Good Corporate Governance ........................................................................ 17
   b. Prinsip dasar Good Corporate Governance ................................................................... 18
   c. Mekanisme Good Corporate Governance ...................................................................... 19
      1. Kepemilikan Institutusional ......................................................................................... 20
      2. Komite Audit .................................................................................................................. 21
      3. Komisaris Independen ................................................................................................. 22

5. Leverage .................................................................................................................................. 23
   a. Definisi Leverage .............................................................................................................. 23
   b. Pengukuran Leverage ....................................................................................................... 24

6. Ukuran Perusahaan ................................................................................................................... 25
   a. Definisi Ukuran Perusahaan ............................................................................................ 25
   b. Konsep Ukuran Perusahaan ............................................................................................ 26
BAB III METODE PENELITIAN

A. Waktu dan Tempat Penelitian .................................................. 44

B. Desain penelitian ..................................................................... 44

C. Definisi dan Operasionalisasi Variabel ................................... 45
   1. Definisi Variabel ............................................................... 45
   2. Operasionalisasi Variabel .................................................. 49

D. Populasi dan Sampel Penelitian .............................................. 50
   1. Populasi Penelitian ............................................................ 50
   2. Sampel penelitian .............................................................. 52

E. Teknik Pengumpulan Data ....................................................... 54

F. Metode Analisis Data .............................................................. 55
   1. Statistik Deskriptif ............................................................. 55
   2. Uji Asumsi Klasik ............................................................ 56
      a. Uji Normalitas ............................................................. 56
      b. Uji Multikolonieritas ................................................... 56
      c. Uji Heteroskedastisitas ............................................... 57
d. Uji Autokorelasi ................................................................. 57

3. Uji Kelayakan Model .......................................................... 58
   a. Uji Koefisien Determinasi ($R^2$) .................................. 58
   b. Uji F (Uji Signifikansi Simultan) ................................. 59

4. Uji Hipotesis ....................................................................... 59
   a. Uji $T$ (Uji Signifikansi Parameter Individual) ............ 59
   b. Uji Analisis Linear Berganda ........................................ 60

BAB IV   HASIL DAN PEMBAHASAN

A. Gambaran Umum dan Objek Penelitian ............................. 62
B. Hasil Uji Statistik Deskriptif ............................................... 62
C. Hasil Uji Asumsi Klasik ...................................................... 65

   1. Hasil Uji Normalitas .......................................................... 65
   2. Hasil Uji Multikolonieritas .................................................. 66
   3. Hasil Uji Heterokedastisitas ............................................. 68
   4. Hasil Uji Autokorelasi ....................................................... 69

D. Hasil Uji Kelayakan Model .................................................... 70

   1. Hasil Uji Koefisien Determinasi ($R^2$) ......................... 70
   2. Hasil Uji F (Uji Signifikansi Simultan) ......................... 71

E. Hasil Uji Hipotesis ................................................................. 72

   1. Hasil Uji $T$ (Uji Signifikansi Parameter Individual) .... 72
   2. Hasil Uji Analisis Linier Berganda ............................... 74

F. Pembahasan ........................................................................................................ 77

BAB V SIMPULAN DAN SARAN

A. Simpulan ........................................................................................................... 81
B. Saran .................................................................................................................. 82
