SURAT PERNYATAAN KARYA SENDIRI ......................................................... i
LEMBAR PENGESAHAN SKRIPSI .............................................................. ii
ABSTRAK ............................................................................................... iii
KATA PENGANTAR ................................................................................. v
DAFTAR ISI ............................................................................................. vii
DAFTAR GAMBAR .................................................................................... ix
DAFTAR TABEL ......................................................................................... x
DAFTAR LAMPIRAN ................................................................................. xi

BAB I PENDAHULUAN
A. Latar Belakang Penelitian ..................................................................... 1
B. Rumusan Masalah Penelitian .............................................................. 8
C. Tujuan dan Kontribusi Penelitian ......................................................... 8
   1. Tujuan Penelitian ............................................................................ 9
   2. Kontribusi Penelitian .................................................................... 9

BAB II KAJIAN PUSTAKA, RERANGKA PEMIKIRAN DAN HIPOTESIS
A. Kajian Pustaka .................................................................................. 10
   1. Teori Pemasaran ........................................................................... 10
   2. Pengertian Manajemen Pemasaran ............................................. 11
   3. Teori Kepuasan Pelanggan .......................................................... 12
   4. Teori Sistem Aplikasi ................................................................... 18
   5. Teori Sistem Informasi ............................................................... 23
   6. Teori Kepercayaan ........................................................................ 28
B. Penelitian Terdahulu .......................................................................... 30
C. Rerangka Pemikiran .......................................................................... 38
D. Rumusan Hipotesis dan Penelitian ...................................................... 41

BAB III METODE PENELITIAN
A. Waktu dan Tempat Penelitian ............................................................... 42
B. Desain Penelitian ............................................................................... 42
C. Definisi dan Operasionalisasi Variabel .............................................. 43
   1. Definis Variabel ........................................................................... 43
   2. Oprasionalisasi Variabel ............................................................... 43
D. Skala Pengukuran Variabel ................................................................. 46
E. Populasi dan Sample Penelitian ......................................................... 46
   1. Populasi Penelitian ..................................................................... 46
   2. Tehnik Pengambilan Data ........................................................... 47
F. Sumber dan Data Tehnik ................................................................... 48
   1. Sumber Data ............................................................................... 48
   2. Tehnik Pengambilan Data ........................................................... 49
G. Metode Analisa ................................................................. 50
   1. Statistik Deskriptif .......................................................... 51
   2. Analisa Statistik Inferensial ........................................... 51
   3. Pengukuran Model ........................................................ 52
   4. Evaluasi Model Struktural .............................................. 54
   5. Evaluasi Model Struktural .............................................. 56

BAB IV HASIL DAN PEMBAHASAN

A. Gambaran Umum Lokasi atau Obyek Penelitian ............... 58
B. Karakteristik Responden .................................................. 58
   1. Jenis Klimat ................................................................. 59
   2. Usia ............................................................................. 60
   3. Pendidikan Akhir ....................................................... 60
   4. Pekerjaan ..................................................................... 61
C. Deskripsi Variabel ............................................................. 62
   1. Kualitas Sistem ............................................................ 62
   2. Kualitas Informasi ....................................................... 64
   3. Kepercayaan ............................................................... 66
   4. Kepuasan Nasabah ...................................................... 67
D. Metode Analisis Data ......................................................... 68
   1. Evaluasi Model Pengukuran (Outer Model) .................. 69
   2. Pengujian Model Struktural/Uji Hipotesis (Inner Model) .. 76
   3. Hasil Pengujian Hipotesis (Estimasi Koefisien Jalur) ...... 79
E. Pembahasan ....................................................................... 81

BAB V SIMPULAN DAN SARAN

A. Simpulan ......................................................................... 84
B. Saran .............................................................................. 85

DAFTAR PUSTAKA ................................................................. 87
