

## DAFTAR ISI

|                                  |      |
|----------------------------------|------|
| JUDUL .....                      | i    |
| ABSTRAK .....                    | ii   |
| ABSTRACT .....                   | iii  |
| LEMBAR PERNYATAAN .....          | iv   |
| LEMBAR PENGESAHAN .....          | v    |
| KATA PENGANTAR .....             | vi   |
| DAFTAR ISI .....                 | viii |
| DAFTAR TABEL .....               | xi   |
| DAFTAR GAMBAR .....              | xii  |
| BAB I .....                      | 1    |
| PENDAHULUAN .....                | 1    |
| 1.1 Latar Belakang Masalah ..... | 1    |
| 1.2 Rumusan Masalah .....        | 5    |
| 1.3 Batasan Masalah .....        | 5    |
| 1.4 Tujuan Penelitian .....      | 6    |
| 1.5 Metodologi Penelitian .....  | 6    |
| 1.6 Sistematika Penulisan .....  | 7    |
| BAB II .....                     | 8    |
| LANDASAN TEORI .....             | 8    |
| 2.1 Pengertian Analisa .....     | 8    |
| 2.2 Performansi .....            | 9    |
| 2.3 Tentang Wifi id .....        | 10   |
| 2.3.1 Wifi <i>Basic</i> .....    | 11   |

|                                                           |    |
|-----------------------------------------------------------|----|
| 2.3.2 Wifi Manage Service (WMS) .....                     | 11 |
| 2.4 Tentang Wifi Corner (WiCo) .....                      | 15 |
| 2.5 Topologi Wifi Id.....                                 | 15 |
| 2.5.1 Topologi Akses Wifi Id .....                        | 15 |
| 2.5.2 Topologi Service Wifi Id .....                      | 19 |
| 2.6 Komponen Aktif Jaringan Wifi Id.....                  | 20 |
| 2.6.1 Wireless Access Control (WAC).....                  | 20 |
| 2.6.2 Wireless Access Gateway (WAG).....                  | 21 |
| 2.6.3 Optical Network Termination (ONT) .....             | 21 |
| 2.6.4 Point-to-Point Protocol over Ethernet (PPPoE).....  | 22 |
| 2.7 Komponen Pasif Jaringan Wifi Id .....                 | 23 |
| 2.7.1 Optical Distribution Cabinet (ODC).....             | 23 |
| 2.7.2 Optical Distribution Point (ODP) .....              | 23 |
| 2.7.3 Access Point.....                                   | 24 |
| 2.8 <i>Quality Of Service</i> (QoS) Jaringan Wifi id..... | 26 |
| 2.8.1 Ping Test .....                                     | 26 |
| 2.8.2 Packet Loss .....                                   | 27 |
| 2.8.3 Sinyal Meter.....                                   | 27 |
| 2.8.4 Jitter .....                                        | 27 |
| 2.8.5 Throughput.....                                     | 28 |
| BAB III.....                                              | 29 |
| KONFIGURASI ACCESS POINT WIFI ID DI WIFI CORNER.....      | 29 |
| 3.1 Metode Analisis.....                                  | 29 |
| 3.2 <i>Flow Chart</i> Analisis .....                      | 29 |
| 3.3 Lokasi Studi Kasus .....                              | 31 |
| 3.4 Teknikal Spesifikasi Jaringan Wifi Id .....           | 32 |
| 3.4.1 Wireless Access Control (WAC).....                  | 32 |
| 3.4.2 Wireless Access Gateway (WAG).....                  | 32 |
| 3.4.3 Optical Network Termination (ONT).....              | 33 |

|                                                                                                                               |    |
|-------------------------------------------------------------------------------------------------------------------------------|----|
| 3.4.4 Access Point.....                                                                                                       | 34 |
| 3.5 Konfigurasi Wifi Id pada Wifi Corner .....                                                                                | 35 |
| 3.5.1 Konfigurasi Fisik Wifi Id pada Wifi Corner (ONT to AP).....                                                             | 35 |
| 3.5.2 Konfigurasi Logic Wifi Id pada Wifi Corner .....                                                                        | 36 |
| BAB IV .....                                                                                                                  | 39 |
| DATA DAN ANALISIS PERFORMANSI ACCESS POINT .....                                                                              | 39 |
| 4.1 Implementasi Jaringan Fisik Wifi Corner .....                                                                             | 39 |
| 4.2 Pengukuran Performansi Access Point WiCo .....                                                                            | 40 |
| 4.2.1 Pengukuran Traffic (Channel Graph) pada Access Point menggunakan Wifi Analyzer.....                                     | 40 |
| 4.2.2 Pengukuran <i>Coverage</i> Frekuensi (Signal Meter) pada Access Point menggunakan Wifi Analyzer .....                   | 41 |
| 4.2.3 Pengukuran Bandwidth Access Point menggunakan Speedtest OAKLA.....                                                      | 42 |
| 4.2.4 Perhitungan Throughput .....                                                                                            | 43 |
| 4.3 Hasil Analisis Performansi Access Point WiCo.....                                                                         | 44 |
| 4.3.1 Hasil Analisis Traffic (Channel Graph) pada Access Point .....                                                          | 44 |
| 4.3.2 Hasil Analisis <i>Coverage Frequency</i> (Signal Meter) pada <i>Access Point</i> menggunakan <i>Wifi Analyzer</i> ..... | 45 |
| 4.3.3 Hasil Analisis Bandwidth.....                                                                                           | 46 |
| 4.3.4 Hasil Analisis Throughput .....                                                                                         | 48 |
| 4.3.5 Hasil Analisis QoS.....                                                                                                 | 48 |
| BAB V.....                                                                                                                    | 50 |
| KESIMPULAN .....                                                                                                              | 50 |
| 5.1 Kesimpulan.....                                                                                                           | 50 |
| 5.2 Saran .....                                                                                                               | 51 |
| DAFTAR PUSTAKA .....                                                                                                          | 52 |
| LAMPIRAN .....                                                                                                                | 54 |
