

ABSTRACT

Conflict between KPK and Polri, from volume I to III is not free from the influence of mass media coverage. Mass media is very important role as a container that conducts the search, processing and dissemination of data and information dispute between KPK and Polri. Media also has an interest in disseminating the news so that it can lead public opinion based on the media ideology. In running the ideology of the Media also often do hegemony, this is because now the media has become a power to memenangkan public opinion. The object of the research is Media Indonesia and Koran Tempo and will be analyzed by framing Robert Entman concept. Definition of problem, source of problem, moral decision, problem solving Become the purpose of this research. The research method using qualitative descriptive and analytical unit is news Koran Tempo and Media Indoensia in the period of January to June 2015. The result of research indicate that there is difference of news projection done by Koran tempo and Media Indonesia. The Tempo newspaper shows the problems of Budi Gunawan and President Joko Widodo as the cause of the problem. While Media Indonesia more shows the performance of the KPK in carrying out its duties violate the procedures or regulations.
