|--|---------|
| Gambar 2.1 <i>Bath tub Curve</i> .....                                 | 8       |
| Gambar 2.2 <i>Density Functions</i> Distribusi <i>Uniform</i> .....    | 10      |
| Gambar 2.3 <i>Density Functions</i> Distribusi Eksponensial.....       | 11      |
| Gambar 2.4 <i>Density Functions</i> Distribusi <i>Gamma</i> .....      | 12      |
| Gambar 2.5 <i>Density Functions</i> Distribusi <i>Weibull</i> .....    | 12      |
| Gambar 2.6 <i>Density Functions</i> Distribusi <i>Lognormal</i> .....  | 13      |
| Gambar 2.7 <i>Density Functions</i> Distribusi <i>Triangular</i> ..... | 14      |
| Gambar 3.1 <i>Flowchart</i> Metodologi Penelitian.....                 | 25      |
| Gambar 4.1 PT. Bumimulia Indah Lestari Plant Ciakarang.....            | 27      |
| Gambar 4.2 Botol Produksi PT. Bumimulia Indah Lestari.....             | 27      |
| Gambar 4.3 Cap Produksi PT. Bumimulia Indah Lestari.....               | 28      |
| Gambar 4.4 <i>Tube</i> Produksi PT. Bumimulia Indah Lestari.....       | 28      |
| Gambar 4.5 Tupperware Produksi PT. Bumimulia Indah Lestari....         | 28      |
| Gambar 4.6 Mekanisme Proses Injeksi.....                               | 29      |
| Gambar 4.7 <i>Injection Mold</i> .....                                 | 29      |
| Gambar 4.8 Material Termoplastik (Resin).....                          | 30      |
| Gambar 4.9 <i>Closure / Cap Tube</i> .....                             | 31      |
| Gambar 4.10 Jenis Distribusi Cap Std. 35mm.....                        | 38      |
| Gambar 4.11 Jenis Distribusi Cap Std. 40mm.....                        | 39      |
| Gambar 4.12 Jenis Distribusi Cap Std. 50mm.....                        | 40      |
| Gambar 5.1 Diagram Satu Siklus Perbaikan.....                          | 42      |
| Gambar 5.2 Grafik <i>CPU Mold</i> Cap std. 35mm.....                   | 45      |
| Gambar 5.3 Grafik <i>CPU Mold</i> Cap std. 40mm.....                   | 47      |
| Gambar 5.4 Grafik <i>CPU Mold</i> Cap std. 50mm.....                   | 49      |
