Promotional Strategies to Increase Pipikomiko Brand Awareness Through Instagram
Bibliography: 5 Chapters 96 pages + Appendices + 20 Books + 10 Journals + 2 Websites

ABSTRACT

Digitalization has become an important key for Indonesia's economic future, opening up new opportunities in the business world due to the intensive use of digital channels, especially during the pandemic. Even though people are increasingly digitally literate, many MSMEs have not optimized their online platforms to promote their businesses. Pipikomiko's case study shows the importance of an effective promotional strategy through Instagram social media to build brand awareness. With the growing competitive market, it is important for Pipikomiko to understand using Instagram features to build better brand awareness. Increasing digitalization requires the support of human resources and internet infrastructure, such as the results of a Bappenas survey of MSMEs. Even though people are increasingly digitally literate, many MSMEs have not optimized social media to promote brands. Pipikomiko's case study shows the importance of an effective promotional strategy through Instagram social media to build brand awareness. It can be concluded that the promotion strategy carried out by Pipikomiko through Instagram has had an influence on increasing brand awareness for Pipikomiko.
