

## ABSTRAK

Penelitian ini bertujuan untuk menganalisis pengaruh *Good Corporate Governance* terhadap kinerja keuangan pada perusahaan sektor Transportasi dan Logistik yang Terdaftar di Bursa Efek Indonesia tahun 2017-2022. Teknik pengambilan sampel dilakukan dengan metode purposive sampling. Berdasarkan metode purposive sampling diperoleh sampel sebanyak 7 sampel perusahaan transportasi dan logistik. Metode penelitian yang digunakan dalam penelitian ini adalah metode kuantitatif (kausal). Analisis yang digunakan dalam penelitian ini adalah analisis statistik deskriptif, uji normalitas, uji multikolinieritas, uji heteroskedastisitas, uji autokorelasi, uji koefisien determinasi, uji t dan uji f, uji regresi linear berganda dengan menggunakan SPSS Versi 25. Hasil penelitian ini menunjukkan bahwa ukuran kepemilikan institusional, kepemilikan manajerial dan dewan komisaris berpengaruh terhadap kinerja keuangan secara simultan (Uji-F). Secara parsial (Uji-t) ukuran kepemilikan institusional dan dewan direksi tidak berpengaruh terhadap kinerja keuangan perusahaan dan kepemilikan manajerial berpengaruh terhadap kinerja keuangan perusahaan

Kata Kunci : Ukuran kepemilikan manajerial, kepemilikan institusional, dewan direksi dan kinerja keuangan.

## ABSTRACT

*This study aims to analyze the effect of Good Corporate Governance on financial performance in Transportation and Logistics sector companies Listed on the Indonesia Stock Exchange in 2017-2022. The sampling technique was carried out by purposive sampling method. Based on the purposive sampling method, a sample of 7 transportation and logistics companies was obtained. The research method used in this study is a quantitative method (causal). The analysis used in this research is descriptive statistical analysis, normality test, multicollinearity test, heteroscedasticity test, autocorrelation test, coefficient of determination test, t test and f test, multiple linear regression test using SPSS Version 25. The results of this study indicate that the size of institutional ownership, managerial ownership and the board of commissioners have an effect on financial performance simultaneously (F-Test). Partially (t-test) the size of institutional ownership and the board of directors has no effect on the company's financial performance and managerial ownership has an effect on the company's financial performance*

*Keywords: Measures of managerial ownership, institutional ownership, board of directors and financial performance.*
