ABSTRACT

Society is a diverse community with a variety of different creativity and activities both social, cultural and economic as well as different levels of education. Backpacker Teaching is a community engaged in education, which does equalization in elementary schools that are left behind, but their activities are less known to the public due to lack of documentation, departing from that problem, I am interested in contributing in terms of increasing the collection of documentation from backpacker teaching activities. The focus that I took was to provide training on the technique of Manuscript Writing for a travel documentary on the backpacker teaching media team. With the reason there are problems that I try to present the solution. The activity took place on 19-20 October 2019 and continued with assistance on 22 December 2019. With agenda, seminar, workshop and assistance. The results achieved were a documentary video of a backpacker teaching trip going to the grobogan with 3 pieces of script.
